

CAPITAL CAMPAIGN UPDATE

The parish community continues to benefit from your generosity in pledges made/fulfilled from the 2019 Capital Campaign. To date, more than 72% of the total pledged amount of \$ 493,381 has been fulfilled, with close to a year and a half left to fulfill most pledges. We anticipate ultimately obtaining some \$ 375,000 for our parish use. So far, we have pulled down \$ 100,000 from the Fund. Since our last report on progress with those funds (made to you in March), we have also:

- completed furnishing the Livestreaming capability;
- purchased a new portable video projector;
- obtained beautiful new Sanctuary appointments to replace the tired old ones (new bases for the Processional Cross and the Easter Candle; new altar and server candlesticks; new holy water pot and thurible (for the incense));
- started on plans for retrofitting the lighting in the church (chandeliers) with new, long-lasting LED lighting;
- started on installing a railing for easier access to the rectory office door (the Knights are a big help with this!);
- now are beginning to move on some necessary overhaul of the Parish Centre kitchen.

We are just beginning to put into motion the long overdue hiring of a Youth/Family Minister---not to mention discovering the need for some kind of “Media Manager” for the burgeoning parish digital footprint...maybe they will end up being the same person!

Thank you for sharing in the dream!
